DUCK LAKE.

The winter races came off here yesterday with quite a few entries. The first race was for points only; prizes \$50; won by Lucier's b. g. Modest with Fiddler's b. g. Frenchy second. The second race was open to all comers for a prize of \$15; Kelly's b. a. messenger, 1st; Charette's a. a. Prince, a good second. Owing to darkness and high winds the remainder of the races were postponed until Monday next.

Solomon Green, who has been for some time at Vene Lake trading, has met with an accident by which it is feared he will lose one of his eyes.

Mr. Adams, of Prince Albert, is in this district buying scrip.

Over 1,000 bushels of wheat was marketed here last week.

Ambrose Fisher purposes starting a hog ranch here in the spring, and will go east for breeding sows.

A large amount of freight arrived today for this place and the north.

Among those registered at the Duck Lake House were: Messrs. Keenan, McKay, Stevens, and Adams of Prince Albert; G. Carter, T. Lucier, A. N. Peterson, W. H. McKay, of Carlton; Capt. Huey, M.L.A., for Kimsino.

A. J. McNeil left this morning for Green Lake in connection with the scrip commission.

The weather is mild, with snow.

THE S. S. ENTERTAINMENT.

On Friday evening last the annual entertainment of the Sabbath School children of St. Paul's Church took place in the Albert Academy; there were about 100 present, besides a large number of parents and friends of the school, who were not parents. A very interesting programme was rendered during the evening, consisting of songs and recitations by the scholars, which were very much appreciated by those present. An address of welcome was spoken by Percy Pritchard, after which numerous other events followed. Most of the scholars did remarkably well, but a few were deserving of special mention: Blanche Johnson, a very little girl, sang inimitable style a little song "The Shoemaker," and received an encore; another very little girl, Eva Pritchard, recited in an excellent manner, "Pussy and I" with kitten accompaniment. "The Old Musician and His Harp" was well rendered by Misses Stewart, McTaggart and A. McGregor.

The best rendered selection was a duet, "The Mouse is Bawling o'er the Lake," by Misses Laura Pritchard and Maggie McKay, they sang beautifully, giving evidence of good training, and received an encore, to which they responded.

After this part of the programme was over, the youngsters were treated to cake and other nice things, and prizes were distributed to those entitled. A very enjoyable evening was spent.

H. Mitchell, M.L.A., Duch Lake, is in town.

Mr. Betts, M.L.A., is taking a tour through the country visiting his constituents.

Mr. McCrum, who has been in town on a visit for the last week or so, leaves for Cumberland to-day.

The public school at this end of the town has been well attended all winter; last month there were 76 names on the roll and an average attendance of 66.

Sergts. Montgomery and Bidwell arrive in town a few days ago; the former from Saskatchewan and the latter from Battleford. Sergt. Montgomery has been replaced, in charge of Saskatoon detachment, by Corp. Sheppard.

The balance of our winter goods will be sold at cost. We are offering a Grey Flannel at 25c per yard, Lamb Caps for \$3, Lamb Coats \$2.0, Tweed Overcoats \$6, Men's Lined Overcoats \$1.75, Ladies' Overcoats \$1. All other winter goods will be cut in same proportion. Walters & Baker.

S. W. VanVeen is around getting signatures to a petition addressed to the Minister of the Interior asking for a bonus of \$1,500 to erect a custom grist mill at the South Branch. The petition is being numerously signed. Mr. VanVeen proposes to erect a building 30 ft. by 40 ft.; two stories high, and in it he will put two runs of stones. The toll he proposes charging is every eighth bushel for grinding and every tenth bushel for chopping.

Glanders is very prevalent in this section of country, more than we were at first aware of. There has already been several horses shot, some of them burned or buried and others the Indians have had a big pow-wow on. It is only a short time ago that the Indians had a big feed of glandered horse washed down with a decoction of tea and black tobacco. Something should be done to stop these people from using the diseased carcasses, and also check the spread of the disease.

We would like to call the attention of the council to the fact that they should provide a suitable place in the council chamber for our reporter to take an account of the proceedings of the council meetings. Heretofore our young men had to sit on the benches, away from the councillors, or if he wanted to get nearer he had to content himself with the window-sill, or else wait until the proceedings were over and impose upon the kindness of the clerk to make extracts from the minute book. Please get a chair and make room at the tables.

His Lordship Mr. Justice McInnis held a Session of the Supreme Court this morning. The only case to be disposed of was that of the Queen vs. Washta-chah (The Gentleman) charged with the larceny of four dollars from Russell & Davis. The prisoner is a young Sioux, fifteen years of age, with a bad reputation. After the charge had been read and interpreted to the prisoner he pleaded guilty and was sentenced to the N.W. M. Police barracks for three months at hard labor. James McKay represented the crown; no one appeared for the prisoner. Joe McKay and John Little Crow, a Sioux, acted as interpreters.

Embarrassing.

Why suffer the embarrassments arising from catarrh when Nasal Balm will cure you? A. H. Perry, Banookburn, Ont., says: "I received one package of Nasal Balm and from its use can highly recommend it for cold in the head and catarrh. It will effect a cure very quickly."

ADVICE TO MOTHERS. Are you disturbed at night and broken or worried by sick children suffering and crying with pain of colic? Try Dr. J. C. Williams' REMEDY FOR CHILDREN'S COLIC. It will relieve the most distressing colic immediately. Depend upon it, mothers; there is no mistake about it. It cures diarrhoea, regulates the stomach and bowels, cures wind-colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Williams' REMEDY FOR CHILDREN'S COLIC is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the U. S., and is for sale by all druggists throughout the world. Price 25c. a bottle.

SASKATCHEWAN INSTITUTE.

As will be seen by our report in another column, a historical and scientific society has just been organized in town under the name of the "Saskatchewan Institute." The formation of such a society marks an important era in our history. It has been organized under the most favorable auspices; it has a wide field to work in and must if properly conducted be of inestimable benefit to the country and to the advancement of science and literature. It is fortunate in having among its officers and members, men of ability, of education and of literary and scientific attainments. During the winter months short papers will be read by members on literary, historical and scientific subjects fortnightly, and in the summer the work of the society will be more particularly directed to field work. We hail with pleasure the organization of the Saskatchewan Institute, and trust that everyone in the district will take a keen interest in it and contribute what they can to its success. Now that the initiative has been taken and the Institute formed no scruples or fears should deter any person from joining and taking a deep interest in the work.

Our prospects of a railway seem to be somewhat blighted at present. A report has come to hand evidently on good authority, to the effect that the negotiations between the C.P.R. and Regina & Long Lake roads have fallen through and that in consequence no work will be done on the latter this year. If such be the case this district will be in a bad plight, we have pointed out time and again that a railroad is an absolute necessity. That without one we cannot remain here any longer, except to starve. We consider that we are not being fairly treated by the Government in this respect, and that if some immediate action is not taken to give us railway communication in the near future, a once prosperous settlement will cease to exist. If terms cannot be made with the Regina Road an offer should be made to the Manitoba & North Western similar to that made to the R. & L. R. last year, and if that is not sufficient we claim that a cash subsidy should be given to any line that will come into Prince Albert and Battleford at once.

Another matter requiring the attention of the Government is the necessity of a post office and other public buildings at this point. The building now being used for a post office, besides being very unsafe, does not give sufficient accommodation; all the other Government offices here are in the same fix. The Government pay about \$900 per annum for the buildings at present in use. They can borrow money at five per cent., \$900 would pay the interest on \$18,000. Ten thousand dollars would erect a block which would be amply sufficient for all purposes for a number of years, and then about \$400 would be saved to the country. With such a block of offices properly constructed, another saving would be made in fuel, the buildings now in use are so poorly built as to require an uncalled-for expenditure for heating purposes. If we cannot get a railroad the authorities will surely give us this especially as it will mean a saving in the end to the Dominion.

After the lapse of seven months the expenses of the Legislative Assembly elections have been paid.

The official report just published shows a surplus of \$3,000,000 in the Dominion treasury for the past financial year.

To-day a Sioux Indian was convicted and sentenced to a term of imprisonment in the police barracks. The Dominion Government have gone to enormous expense in building and furnishing a jail here; what is it not used? Has it been found unsafe or unsuited for the purpose? If not, a jailer should be appointed and the building made use of.

EVERY NIGHT I SCRATCH.

Until the skin was raw. Red covers covered scales like spots of mortar. Cured by CUTICURA Remedies.

I am going to tell you of the extraordinary cure on me. About the 1st of April I noticed some red pimples coming out over my body, but thought nothing of it until about time later on, when it began to look like spots of mortar spotted on, and which came off in layers, accompanied with itching. I would scratch every night until was raw, then the next night the scaling began, and I was scratching off again. In vain did I consult all the doctors in the country, but without aid. After giving up all hopes of recovery, I happened to see an advertisement in the newspaper, and I bought a box of CUTICURA. I began to use it, and the eruptions gradually dropped off and disappeared one by one, and I have been fully cured. I had the disease three months before I began taking the CUTICURA Remedies, and in four or five weeks I was cured. My disease was severe eczema, or psoriasis. I recommended the CUTICURA REMEDIES to all in my vicinity, and I have a great many who have taken them, and thank me for the knowledge of them, especially mothers who have babies with eruptions on their heads and bodies. I can not express in words the thanks to you for me. My body was covered with scales, and I was an awful spectacle to behold. Now my skin is as nice and clear as a baby's.

TERRITORIAL NEWS

FORT MACLEOD.

From the Gazette, Jan. 17.

A few of Mr. Davis' friends propose giving him a banquet on Tuesday night. Lieut. Governor Royal will be present.

While Mr. A. F. Grady was skating on Monday night, he had a bad fall. He suffered severely from the effects of it on Monday night.

The Queen vs. Braden, adjourned from a few days previous, came up before Supt. Macdonnell on Saturday last, and the result has created no little interest and even excitement in town. The defendant Braden is the driver of the Calgary stage, the proprietor being Mr. Ford, of Calgary. The trip before the last one, the stage was searched by police, and a barrel and trunk containing liquor was found. The whole outfit was seized and taken up to the barracks and the driver placed under arrest. The team and wagon were released and taken to Steadman's livery stable. All the evidence went to show that the driver, Braden, knew nothing of the contents of the barrel and trunk. Neither he nor the proprietor of the stage saw these packages loaded on the stage. They were delivered at the stage office in Calgary, and loaded by the stable assistant. Braden was fined \$100 and costs and the team and stage, which did not belong to him, confiscated. A policeman was sent to Steadman's livery stable to seize the team and wagon. Acting under advice Steadman refused to give up the team until the bill due for their keep was paid. The police went to the barracks for further instructions, and Supt. Macdonnell went down and ordered the team released. Steadman still refusing, the police took forcible possession. The case has been appealed. Mr. Haultain for defendant.

EDMONTON.

From the Bulletin, Dec. 8.

Still no snow, no zero weather, no thaw and no wind.

F. D. Wilson, of the H. B. Co. Victoria, has been appointed postmaster of Paken office at that point.

Application for relief was made yesterday to Supt. Grisham on behalf of several families of half-breeds at St. Albert, who are said to be in a destitute condition. They are chiefly those who left the Indian treaty in 1885-86, and who have never become entirely self-supporting.

The dog advertised as lost by G. W. Hislop in last week's issue was returned to him at Stony Plain on Saturday evening within six hours after the first appearance of the advertisement. The dog advertised as lost a couple of weeks ago by Dr. Wilson has also been recovered. The moral is plain.

QU'APPELLE

From the Vidette, Jan. 17.

A cold wave has struck this part of the Northwest from the southeast. The thermometer touched 23° below zero on Monday morning.

Mr. Tisdale, the boatbuilder, has arrived in town and is busily engaged in building boats for the use of the boating club next season.

On the 2nd inst., J. B. Lash, agent at Muscowpetung's Reserve, was waited on by the employees of the Indian Department, in his agency, and presented with a magnificent tea service and an address.

The election of R. Kearns, as councillor for Ward No. 2 in this municipality, has been protested on the ground that he does not own the land for which he has been assessed; he never having perfected his entry therefor.

BATTLEFORD.

From the Herald, Jan. 12.

For a wonder, there were no permits by the last express.

Whooping cough is quite prevalent amongst the children in town.

The school trustees will receive tenders up to Monday next for the position of assessor of the Protestant school district of Battleford.

On Monday's stage arrived Mrs. Murley and two children, from Indiana. On Wednesday she was married to Jacob Orsillo, of this place.

Posters are out announcing the holding of an "Old Folk's" Concert in the recreation room of the N. W. M. P. barracks, on Tuesday evening next, 15th inst. The proceeds are to be devoted to the funds of the Presbyterian Church. The programme is said to be an interesting one.

CALGARY.

From the Tribune, Jan. 16.

G. C. King, who has just returned from A-thracite, informs us that the report that the C. al Company were bringing in Chinese labor to work at the mines, is quite incorrect. A few Chinamen have been brought in to do work which they cannot get white labor to perform, but the company have no intention of working the mines with Chinese labor.

A magnificent bible in two volumes, beautifully bound, with Dore's illustrations, will be raffled for on the 19th of March at the residence of R. v. Father LeDuc. This bible is worth \$100 and was presented to the reverend father who are willing to sacrifice it for the sake of augmenting the building fund of the magnificent church now in the course of erection. Tickets will be sold by Wm. Scollon, who will carry the book around for inspection.

TOWN COUNCIL.

An adjourned meeting of the Council was held in the Council Chamber on Monday evening last. The convener consisted of Mayor Knowles and Couns. Woodman, Donaldson, Goodfellow, Sanderson, Davis and Mair.

REPORTS.

The Finance and Assessment, Board of Works, Health and Relief, and the Fire, Water and Light committees made their reports, but not being in accordance with the procedure by-law, were thrown out on the following motion being carried, after a lively discussion between the mayor and the some of the councillors:

Moved by Coun. Davis and seconded Coun Sanderson that reports of committees presented this evening be thrown out as the committees are not legal.

The mayor ruled this motion out of order on the ground that the committees are legally appointed.

Coun. Davis appealed to the council.

The mayor then asked for the yeas and nays, when all the councillors voted nay; the mayor being alone.

The motion was then put and carried. All voting for it except the mayor.

The following committees were then appointed:

Finance and Assessment—Woodman, Davis, Mair.

Board of Works—Woodman, Goodfellow, Mair.

Fire, Water and Light—Donaldson, Woodman, Sanderson.

Health and Relief—Davis, Donaldson, Goodfellow.

The mayor reported the action he had taken in connection with glandered horses, the removal of the old school building on King street, and the collection of taxes. The report as presented was adopted.

GIVING NOTICE.

Coun. Donaldson gave notice that he would introduce a by-law to amend By-law No. 56.

Coun. Mair gave notice that he would introduce a by-law to repeal By-law No. 22.

The following accounts were presented: John Offord, \$15; P. A. TIMES, \$20.

The council then adjourned to meet again on Monday evening next, 4th inst.

THE HISTORICAL SOCIETY.

A meeting was held in the Nisbet Academy on Saturday evening last to consider the advisability of forming a historical and scientific society. Dr. Jardine presided and explained the object of the meeting. He said that earlier in the season a young people's society had been formed in connection with St. Paul's Presbyterian Church, but they had decided to close it up and organize one having a wider field. They had drafted a constitution to submit to this meeting and had instructed their secretary to send invitations to all who were likely to take an interest in such an organization. He hoped the society would be formed and had no doubt of its success. Short speeches were also made by Supt. Perry, Rev. Canon Flett, Ven. Archdeacon J.A. McKay, Rev. Mr. Howard, and others, all of whom were in sympathy with the object of the meeting. Mr. W. R. Gunn, on being called upon, said that while he was fully in accord with the object of the meeting and would be glad to do all in his power to make such an institution as that proposed to be organized a success, he regretted the manner in which this meeting had been called. In the first place there was no public notice given, and in the second it was called by the secretary of a sectarian institution. It would make no difference to the speaker how it was called but it would have the effect of deterring others from becoming members. An institution, such as that proposed to be formed, being almost national in its character, should be kept entirely free from any taint of sectarianism; of any distinction of creed, race or religion, otherwise it would not be a success.

The constitution as submitted was then discussed and after several amendments had been made, was adopted. It was decided to call the society "The Saskatchewan Institute" having for its objects the encouragement of literature and the promotion of historical and scientific research and knowledge.

The following officers were elected: President, A. W. Perry, G.E.; vice-pres., Rev. R. Jardine, B.D., Sec. D.; Cor. Sec., James McKay, B.A.; Rec. Sec. and Treas., H.W. Sewell; Council, W. R. Gunn, M.A., A. E. Hoyer, B.D., Rev. J. H. Howard, Rev. J. A. McKay, M.D., Rev. Canon Flett, B.D., J. MacArthur, W. V. Macdonald, W. J. Carter, J. L. Johnson.

The meeting then adjourned. The first meeting of the Saskatchewan Institute will be held on Friday evening, Feb. 11th, when the president will deliver a lecture.

FOR SALE! OR RENT THE IRLAND HOUSE PRINCE ALBERT.

Owing to the ill health of my wife, I have decided to give up the hotel business for the present. I will sell or rent, either with or without furniture. The house is new doing and always has done a good business. It is a commodious, warm and comfortable building, centrally situated. This is a first-class opportunity for a young married couple.

GRAND UNION LIVERY STABLE.

Opposition is the Life of Trade.

A First-class Livery, Feed and Sale Stables

We would like to invite the public when in Prince Albert to give us a call. Our stables are the most central in town—next door to Queen's Hotel.

We keep the largest and best Livery and Feed Stable in town.

We have a lot of new horses and rigs—second to none west of Winnipeg—to hire on reasonable terms.

You will always find good, reliable and accommodating men night and day at our stables to attend to your wants.

All our horses are first-class livery horses; can be driven by ladies; particular care has been taken to purchase horses of the class.

You can always depend on getting the best turnout in town at the Grand Union Livery Stables.

N.B.—We do not advertise in one paper to contradict it in another, as that constitutes a falsehood but we keep the best Livery and Feed Stable—and at the lowest prices in town.
